C'MON YOU TONS!

ACCOUNTABILITY AGREEMENT – WE ARE THE CLAPTON CFC

- We accept that each of us is individually responsible for our own actions and we are collectively responsible for supporting those around us.
- We start from a position of believing and supporting people when they share their experiences with us.
- We accept that other people's lives and histories are invariably different to our own and try to avoid making assumptions about the opinions, background, cultures and identities of others.
- We try not to judge, compete or put each other down. We approach every situation with an open mind.
- We notice and respect each other's physical boundaries and understand the importance of always checking first before crossing them.
- We are mindful of the space we take up and if we are used to talking, we also need to listen to the wisdom that others bring to our organising and discussions.
- We try to communicate in an open, clear and uncomplicated way. We are aware of how the language we use can shut down other people's opinions and exclude participation, even when we do not intend to do so.
- Accountability means that each of us is ready, when challenged about how we act and how we speak, to take on board other's points of view, take responsibility for our actions and make amends in the ways that are asked of us. This accountability is also expected of people and groups working with us.
- If we witness actions or behaviour that is harmful, oppressive or discriminatory, we will challenge it constructively and not leave this to those who are most affected by it or assume others will deal with it.

GEOFF OCRAN

MEN'S TEAM PLAYER-MANAGER

WHenever you concede with the last kick of the game at any level, there's bound to be a sense of disappointment, especially giving up a two goal lead.

Factor in the result from the previous week, it's fair to say we feel it's four points dropped from the draws with PFC Victoria and Brentham

As much as we can look at not putting teams to sword (no pun intended) at one end, we have to defend better as a collective and manage games like we were in the latter part of last year.

No real need for either team to do their homework this week as we face familiar

opposition in London Samurai.

They will be after revenge as we ended their long-standing undefeated home record and there's no better motivation than to replicate that result and provide us with our first loss at home in over a year.

I believe we have the edge in our head to head record having lost just once and winning the other four so we are confident, as we always are at home.

Hopefully this can be the start of another winning run in the league as we attempt to close the gap at the top. **#coyt**

PATRICK MCLAUGHLIN

WOMEN'S TEAM HEAD COACH

HELLO EVERYONE, TODAY WE WELCOME Dulwich Hamlet's Reserves. It's been a very, very long time since our last home game against Islington all the way back at the start of November.

In our *mudbath* match against Islington Borough, the pitch started badly, got worse, then ceased to be a football pitch altogether.

Despite the treacherous conditions, the game was thoroughly entertaining. Unfortunately, from our own perspective, a slow start was too much to overcome.

We conceded disappointing goals and, despite a brilliant free kick from Ciara Monaghan, were down 4-1 inside half an hour. I was proud of how we battled where other teams may have let their heads drop.

Another Ciara free kick made it 4-3 but, in the end, we weren't able to come all the way back. Islington did a good job of slowing the game down, limiting us to one real chance in the final

15 minutes. We play them again next weekend and will be after revenge!

Our five league games before Christmas that were supposed to follow Islington were all postponed so, after 56 days, our next game was a long trip to Walton Casuals.

Given the break we'd had and the strength of the opposition we gave a good account of ourselves.

Eventually we lost 3-1 but kept the game incredibly close until about the 80th minute.

Unfortunately, in our last game, away in Clapham against Comets we didn't meet the standards we expect of ourselves, despite a positive start.

We'll look to put that right today against Dulwich who started the season slowly, partly due to calling a number of games off in a row in October.

Since then they've been one of the better teams in the league, so it'll be another tough test but one we'll relish. Enjoy the game!

PROMOTION BID

Clapton CFC men's team are one of five in the Middlesex County Football League Premier Division to have applied for promotion along with Cricklewood Wanderers, Hilltop, London Samurai Rovers and NW London.

Promotion at our level is not automatic, and subject to change, but typically one club goes up from this division each year. All applications, including ours, will now be assessed by the FA to see if they meet the ground and regulatory requirements.

If Clapton CFC were to be promoted to Step 6, the FA would likely place us in the Eastern Senior League South or the Spartan South Midlands Division One.

NEW MERCH

Available on the merch stall and coming soon to the online store. Tracksuit tops with CCFC on the back - £30 (£25 for members in person). New scarves - £10 (£8 for

members). Enamel badges - £3.

We still have some 2020 calendars and photography books left to shift.

VOLUNTEER WITH US

On Monday February 3rd, CCFC members will be running a night at a homeless shelter in Newham. This involves preparing and serving food for the guests, eating with them, cleaning up, and socialising after dinner.

Then we'll prepare the shelter for a good night's sleep and a couple of us will stay overnight and serve breakfast in the morning.

This is something Clapton fans have done for the last few years and is always a good evening and night/morning!

If you would like to help out please email community@claptoncfc.co.uk.

TODAY'S COVER ART

This stunning programme cover was designed by Eoin Scollay, who also produced the beautiful CCFC stickers with the colours of the International Brigades.

Eoin writes: "When I saw that Clapton were looking for people to design covers for their programmes, I knew I had to get involved. But I couldn't think how.

Then I came across a font that I hadn't seen in a while. A long long while. I had found the font for Sensible World Of Soccer.

I knocked together my idea but I was worried it was too niche. Would Clapton like it? Would they get it?

Within a minute a response pinged back. "Mate, that game ruined my GCSEs"

And now here it is. I hope you enjoy it and get it. Thank you for this opportunity. I'll see you in April for a Tyskie. No Pasaran!

SUPER 5 WOMEN'S LEAGUE

IT'S A PROUD MOMENT FOR CLAPTON CFC as our new five-a-side team start their first ever league campaign.

The team has been formed from players from the weekly Tuesday open training sessions for women and non-binary people.

Our team - called the Clapton CFC 5s - has been allocated a place in the fast-growing Super 5s League based at Mabley Green, Hackney.

We're one of eight teams in the Thursday league, taking on Goal Diggers, Hackney Parrots, Islington Reds, MSA & Frenford, Sporting Club de Mundial, Todo Ciudad and Tottenham Hotspurs.

Ellie Guedalla, who runs the training and the new team, explains more...

"We started at the end of July with seven players. Now we have about 18 each week with the highest attendance so far being 23.

"Ages range from late twenties to 56. Most players are beginners and are developing well. Some played a bit in primary school but were never coached.

"The competitive wing - those going into the Super 5s league - have been doing extra training and came to support the Palestinian girls' visit.

"We have also tried to get a second team in the league, as there is so much interest, but we are on a waiting list.

"We are also hoping to enter the FA People's Cup in March with multiple teams as so many now want to play and the league squad is full.

"We have been invited to a Super 5 tournament in Amsterdam on May 30th.

"The league squad are keen to go and so we are

looking at ways to fundraise for them.

"Overall it has been an amazing experience to see them grow and develop.

"So many players tell me how much they love the beautiful game and how they never thought they would get the chance to try as women and football was seen as a joke for so long and still is by some.

"I think Clapton quite rightly calls itself a community club as the Clapton 5s demonstrates. The camaraderie and support is amazing."

ABOUT THE LEAGUE

Super 5 is an all-women grassroots football league hosted at Mabley Green in Hackney.

Starting with just 5 clubs on its founding in 2017, the new league season kicks off with 40 teams London-wide, where women and non-binary people of all abilities and ages come together to play 5-a-side matches on a weekly basis.

FIXTURES

January 16 Tottenham Hotspatch	March 5 Tottenham Hotspatch
January 23 Club de Mundial	March 12 Sporting Club de Mundial
January 30 Hackney Parrots	March 19 Hackney Parrots
February 6 MSA & Frenford FC	March 26 MSA & Frenford FC
February 13 Todo Ciudad	April 2 Todo Ciudad
February 20 Islington Reds	April 9 Islington Reds
February 27 Goal Diggers FC	April 16 Goal Diggers FC

"MOST PLAYERS ARE BEGINNERS AND ARE DEVELOPING WELL. SOME PLAYED A BIT IN PRIMARY SCHOOL BUT WERE NEVER COACHED."

It's a unique space where women's football is championed and a whole new community has been born from football that is truly inclusive.

The league season began on January 16th - so we should have played one game since the programme went to press - and runs until April 16th.

Games are every Thursday, kicking off at 7pm, and it's just 20 minutes each way.

All games take place on one of the 3G pitches at Mabley Green, where supporters are welcome, and it's free entry.

GET INVOLVED

Why not join in on our weekly Tuesday open training sessions - you might make the 5s team on Thursdays too!

Training is for all women and non-binary people every Tuesday at 7pm and recently changed to a new venue of Mossbourne School in Clapton.

It's for all ages and abilities, but particularly beginners and those returning to the game.

Women in their 40s and 50s, who were never able to play at school, are especially welcome.

Mossbourne School is on Downs Park Road, Clapton, E5 8JY. Use the entrance closest to the railway bridge.

Bring trainers or astros, as it's an indoor school sports hall.

There's no cost, but donations are welcome, whatever you want.

Any queries, you can email Ellie on elliesmellie36@googlemail.com

FC ZAGREB 041

WHITE ANGELS ZAGREB IS A supporters group traditionally associated with FC Zagreb and the E sector of the terraces at the stadium in Kranjčevićeva street.

The group has been around in various forms since 1989, but for many years had been struggling against a corrupt and incompetent club president.

The team won the Croatian league title in 2001/2 but has rapidly declined and now plays in the fourth division, with even the club colours

and badge changed in 2008.

So in 2015, instead of the struggle of trying to return FC Zagreb to the hands of the fans, and organising on its terraces, the WAZ decided something different.

The WAZ were the main driving force in founding new fan-owned club FC Zagreb 041, which aims to be closer to the principles and true spirit of the old FC Zagreb.

WAZ are officially members of 041 as a legal entity, and most of the group members are actively involved in the new club.

Besides supporting Zagreb 041,

WAZ are also committed to the idea that their fan association, and every individual, can make a contribution to the fight against bigotry in football and society: against hate, violence, discrimination, racism etc.

Instead, on the WAZ terrace an atmosphere of acceptance and tolerance, sport and fun is promoted.

In the past WAZ was involved in organising concerts, meetings, workshops and tournaments involving refugees and asylum seekers.

Those values are embedded in the principles and work of Zagreb 041: football that belongs to the common people and supporters and a sport of

solidarity, not exclusion and unhealthy competition.

The field for home matches was chosen in the Dugave neighbourhood of Zagreb, where the centre for asylum seekers is situated, partly for a reason to engage refugees and try to include them in the club as players or fans. Several of the club's players have been asylum seekers or people of a refugee background.

The 041 also gives free football training to children from refugee families. It is open to boys and girls aged 7 to 14, with about 20 children now involved competing in non-official tournaments. The goal is to compete in a league from next season.

Zagreb 041 can also be proud of another aspect: it is the only football club in Croatia which officially

**...TO ENGAGE REFUGEES
AND TRY TO INCLUDE
THEM IN THE CLUB AS
PLAYERS OR FANS.
SEVERAL OF THE CLUB'S
PLAYERS HAVE BEEN
ASYLUM SEEKERS**

incorporates men's and women's teams in one organisation.

The women's futsal team was founded in 2016. The 041 women are competing with growing success in local tournaments, and the plan is to compete in the national women's futsal league from next season.

The internal structure of Zagreb 041 should also be mentioned. The

club does not have a president, vice-president, secretary or board of directors.

Instead it is organised on a completely horizontal basis, where all members are equal in participation and decision-making takes place at the club's assembly.

At the peak during the first two seasons, 041 had about 140 members, but at the moment the number is about 70 active members.

The greatest obstacle for the further development of 041 is the lack of its own football pitch, so 041 is forced to train and play matches on rented fields, which represents the most significant financial burden for the club.

But the past couple of years have also been difficult regarding problems with violent right-wing hooligans.

Because of the antifascist orientation, 041 received threats almost since it was formed, but fortunately nothing came of those threats for some time.

The first serious intimidation came in spring 2017 in the nearby village of Mala Mlaka where a group of Dinamo Zagreb hooligans provoked with banners saying "Refugees not welcome" and T-shirts with swastikas.

During the first match of spring 2018, in the Prečko neighborhood, fans of 041 were violently attacked by a group of hooligans armed with wooden and metal sticks. Luckily no one was seriously injured, but the thugs managed to steal some 041 flags and banners.

Some weeks later in Dugave at the match against the local neighbourhood team, a group of masked and armed people appeared looking for 041

people, but no altercation occurred in the end.

Another case of Dinamo hooligans threatening violence and insulting 041 fans with racist and fascist abuse happened at the end of the 2018/9 season, again in Dugave.

Generally it has caused a tense atmosphere during 041 matches.

But despite all difficulties and challenges, Zagreb 041 keeps going forward. The core group of members and players are still eager to continue working hard.

The club is moving home to the neighbourhood of Jakuševac, where the rent will be cheaper.

Hopefully, the upcoming year will bring new sporting successes for all 041 teams, renewed enthusiasm and a safe and positive atmosphere on the terraces.

CLAPTON CFC'S FINANCES – SIX MONTH REPORT

THE CLUB'S FINANCIAL year starts at the beginning of July and so for the first time the Finance Committee has produced a report setting Clapton CFC's income and spending for the six months up to 31 December 2019.

HOW MUCH MONEY HAS COME IN?

Our income for the first half of the year breaks down as follows:

Merchandise	£28,221.50
Membership Fees	£14,606.84
Matchday Donations	£10,064.18
Other Revenue	£2,560.45
Programme Sales	£2,030.00
Player Sponsorship	£1,101.44
Donations (Non-Match Day)	£1,056.13
Home Cup Income	£635.00
Interest	£347.98
TOTAL INCOME	£60,623.53

"Other Revenue" includes funds collected from bucket collections for supported causes, and money collected for coach tickets. "Donations (Non-Match Day)" includes regular direct debit donations from supporters and donations from Young Tons weekly training sessions.

HOW MUCH DID EACH COMMITTEE SPEND IN TOTAL?

Communication	£25,129.43
Women's First Team	£9,862.07
Match Day	£8,699.23
Men's First Team	£3,701.42
Membership	£3,676.55
Finance	£2,018.20
Development	£1,560.29
Club Board	£1,282.13
Young Tons	£742.42
Community Outreach	£471.70
League Liaison	£463.60
International	£274.13
Old Spotted Dog	£259.20
Ground Maintenance	£192.38
TOTAL SPENDING	£58,257.75

In addition, Clapton CFC made £1410 in donations to supported causes, bringing the total spending in the first six months to £59,667.75.

The difference between income and expenditure is therefore £955.78.

There is also a VAT liability of £2,773.22 for the period to 31 December 2019 that is due in early February 2020.

WHAT HAVE WE LEARNT?

The decision to reopen online sales of our shirts in November has inevitably meant a significant increase in both the income from merchandise and spending on their production, particular on replica shirts. It is clear, nevertheless, that this income remains important for maintaining the club's sustainability: it represents just over £3000 that has been vital for funding other parts of the club.

Funds from membership and match day donations are also exceeding the expectations set out in the budget agreed at the AGM in June 2019. However, there are areas of expenditure – notably for the Men's and Women's First Teams – where we clearly underestimated how much we needed to allocate.

Additionally, the Development Committee's budget was set before the start of the mixed ability training sessions and regular women and non-binary 5-a-side games, all of which has essentially operated without a funding allocation. The Finance Committee will talk to the Development Committee to find a clearer idea of the spending it requires for the remainder of the financial year.

Finally, it is difficult to compare the spending by the Men's and Women's First Teams because the costs of the Men's First Team are currently spread between two committees (Men's First Team and Match Day). The Finance Committee plans to review how to make this clearer when looking at next year's budget. However, we have set out the spending by the two teams in the first six months of the 2019-20 season in a table below.

HOW HAS EACH COMMITTEE SPENT THEIR INDIVIDUAL BUDGETS?

LONDON SAMURAI ROVERS

Middlesex County Football League,
Premier Division, January 18

Clapton welcome London Samurai Rovers, arguably the promotion favourites, to the Wadham Lodge Stadium for a crunch league clash.

The Japanese-heritage side, who play their home games at Northwood FC's

stadium near Ruislip, currently sit third in the MCFL Premier League.

This will be the sixth time that the two teams have met, having battled it out for the title last season which the Tons bagged on the last day of the season.

The record between the teams so far is three wins for CCFC, one for Samurai and one draw, with an even nine goals apiece.

At our last meeting, in November, the Tons grabbed a 3-1 win to inflict Samurai's first defeat of the season. Since then, they have beaten CB Hounslow United Reserves and drawn with Yeading in the league.

The two teams will meet again in the semi-final of the Alec Smith Premier

Division Cup in March too.

Manager Masakatsu Shibasaki described the atmosphere at the previous game as 'awesome' and is expecting another big one in the return fixture.

Samurai have been keeping themselves sharp with a couple of friendlies recently. They drew 2-2 away to London Tigers and beat Chelsea Rovers 6-3, both away.

DULWICH HAMLET RESERVES

Greater London Women's Football
League Division One, January 19

Our women's team has prepared for this game twice before, both away from home, only for them to be postponed due to waterlogged pitches. Is it third time lucky?

This will be the first time in over 25 years any sides representing Dulwich Hamlet and Clapton meet. To say that anticipations are running high would be an understatement.

Dulwich Hamlet currently sit in 4th place in the league on 19 points, having won 6 and drawn 1 of the 11 games

they have played so far.

Their campaign started out rocky, with their first 3 points being awarded away against Islington Borough with a massive 6-1 win in early November.

Since then, they have won all their games except one. They have bested Comets, Hampton & Richmond Borough, Brentford, Luton Town Reserves, and most significantly, high-flying Crystal Palace Development.

The only team which has managed a win over Dulwich since October is Regents Park Rangers in the final game before the Christmas break.

Those who've followed our women's team this season will know that the Tons drew against Regents Park Rangers in their first away game.

So although Dulwich have been in good form for the most part this season, they are not unbeatable, something CCFC will want to remember when they enter the pitch.

STONEWALL FC

Middlesex County Football League,
Premier Division, January 25

Some very familiar faces lie in wait for the Tons as we make the trip along the Thames to Barnes.

This will be our fifth competitive clash against Stonewall FC since January 2019, during which time the sides have served up some memorable spectacles.

In that first meeting, Stonewall's ruthless finishing gave them a 4-0

home victory, with the Tons ruing the barrel load of chances they were unable to convert.

But back at the Stray Dog just a few months later, Lewis Owiredun inspired Clapton to a 5-1 home win.

This was the start of the long unbeaten run which led to us pipping Stonewall to the league title on the final day.

With both teams now in the MCFL Premier, a crowd of 909 came on Non-League Day to see Jehneil Lemonius' stunning bicycle kick as Stonewall took an early two goal lead. However, the Tons fought back to seal a convincing 5-2 win.

The sides were then drawn in the Alec Smith Premier Cup in December. Aaron Yfeko's curling volley giving Clapton an early lead before Stonewall levelled

with the game ending 1-1.

After a marathon penalty shoot-out in fading light, Clapton emerged with a 6-5 win to progress to the semi-final.

Stonewall endured a mixed start to the league season, with some key players affected by injury in the early part of the campaign.

They are currently in 11th position in the MCFL Premier table, only two points behind the Tons, although Clapton have the benefit of games in hand.

The short history of competitive fixtures between the clubs has already delivered some spectacular moments.

Who'd bet against another goal of the season contender in this one?

ISLINGTON BOROUGH

Greater London Women's Football
League Division One, January 26

It was a sunny day in November as Clapton CFC and Islington Borough took to the mud-bath that was the Stray Dog pitch.

Islington scored four goals in the first half, and despite Clapton clawing their way back into the game, their three goals weren't enough to earn them any points.

When it's now time for the rearranged away fixture, CCFC will come up against a team which has as of 13 January 2020 has played 12 games, won 7, drawn 2 and lost 3.

They have beaten teams such as Comets, drawn to Crystal Palace Development – but also recently lost against currently sixth placed Hampton & Richmond Borough.

This is the second season Islington have battled in the Greater London Women's Football League Division One, and last season they finished mid-table.

Islington being familiar opponents to many of our team from their days as AFC Stoke Newington, the Tons will know what it takes to best them – but they will need to be at the top of their game to do so.

MATCH REPORT: 04/01/2020 BRENTHAM FC 2 CLAPTON CFC 2

MIDDLESEX COUNTY FOOTBALL LEAGUE,
PREMIER DIVISION

CLAPTON COMMUNITY'S MEN'S TEAM KICKED off 2020 with a draw away to MCFL Premier league leaders Brentham FC.

The Tons dominated the first half and had one goal chalked off for a push in the build up.

Lewis Owiredi had a shot over the bar, after bullying their right back off the ball. Bilal Hussain and Liam Smyth both had good efforts palmed round the post. Cemal Agdelen curled in a succession of dangerous corners, but Clapton couldn't convert their dominance into goals.

Sherwin Stanley finally did put the visitors in front just before the break. The striker slid a penalty down the middle, following a foul on Paul Oshin.

It looked like Clapton were on course for a comfortable victory when Lewis Owiredi drilled

into the corner through a crowd of players at the start of the second half.

But the game turned when the hosts were awarded a penalty for a Nick Loblack handball. Edward Clements converted.

Then the Tons' management team started to lose their cool with some of the officiating. Assistant Stu Purcell was shown a red card after a frank exchange of views with the referee.

Clapton could no longer mount the slick attacking moves they had managed in the first half..

The pressure was building and it took one especially good Jack Francis save to keep the Tons in front.

Then, in the dying moments, Brentham's right winger burst free down the flank. There was an audible groan from the visiting support. They could see what was about to happen.

The man in blue fired across the box. It rolled agonisingly past a couple of Clapton defenders and into the path of Clements who couldn't miss from this range.

In spite of the disappointment at letting a two-goal lead slip, a valuable away point keeps sixth-placed Clapton in touch with the promotion-chasing pack.

The visiting fans were buoyed by the appearance of Eliot Crosbie on the sidelines, one of the heroes of the 2018-19 campaign.

The forward is recovering from an ankle injury and will be knocking on the door for inclusion before too long.

MATCH REPORT: 05/01/2020 WALTON CASUALS 3 CLAPTON CFC 1

GREATER LONDON WOMEN'S FOOTBALL
LEAGUE DIVISION ONE

AFTER 56 DAYS WITHOUT COMPETITIVE football, it was finally time for our women's team to play. League leaders Walton Casuals have won every game so far this season while many of our players were still not back from the holidays, and others suffering from the winter flu.

It was the first game for goalkeeper Susana Ferreira, who had first been out with an injury, and then cursed with a spell of postponed games.

Clapton CFC started stronger, and after just a couple of minutes the Walton goalkeeper had to make a great save to clear a shot from Lucy Spours.

This seemed to be the wake up call Walton Casuals needed to go ahead. In the sixth minute, Walton were awarded a free kick, which sailed past the Tons' midfield and onto the feet of their striker, who slotted it in.

In the 26th minute, they scored their second, a ball which trickled in just past Ferreira's near post.

The Tons regrouped, and were not without chances in the last minutes of the first half.

The second half started much like the first, with CCFC playing some beautiful team football. Walker found the feet of Naomi Scriven, who just about missed the goal, and Link sent a wonderful cross which found Zhane Amoaten, who was nudged off.

Ferreira wasn't left without a job too. Walton found the target on several occasions, and our keeper made an incredible string of saves.

In minute 62, defender Alice May Williams sent a ball forward, which bounced off a Walton defender and landed just in front of Saskia Walker.

Just like in the home game, Walker managed to best the Walton goalkeeper. It was 2-1.

Clapton kept the pressure on, and in a moment of glory, Scriven heel flicked the ball over the head of a Walton defender, found Emily Link in the middle, who slotted the ball just wide.

With 80 minutes on the clock, any hopes of a comeback ended when the Casuals struck again. 3-1. Walton Casuals showed just why they are undefeated in the league but the game was not lacking in hard work and passion from the Tons either.

And Austin got a second just before half time. A shot from the right took a heavy deflection off a defender and trickled in at the near post.

"You're not fit to wear our bibs" sung the Clapton fans to the visitors - too soon as it turned out.

Austin had a couple of chances for his hatrick in the second half. He headed one Cemal Agdelen corner towards the near post. But the man on the line flicked away.

Then Austin had a fearsome strike from a tight angle palmed away by the keeper.

Sherwin Stanley had the best chance for the decisive third, but somehow managed to miss an open goal.

Eliot Crosbie replaced Stanley for a long-awaited comeback. He nearly marked it with a goal when a saved Owiredudu shot trickled towards the goalline. Crosbie just couldn't quite get there in time to force it in.

It's becoming so common that it almost goes without saying, but Jack Francis pulled off a string of superhuman saves.

One attacker dribbled straight at him. Francis just plucked it off his laces. Then a PFC player burst down the right - with no Tons defenders to be seen - and squared to his pal at the back post. But Francis materialised and blocked.

Perhaps knowing that they couldn't beat the CCFC goalie by conventional means, Victoria resorted to wild long shots. And this bore fruit when Darrell T Ditchburn (who sounds like he should be a misanthropic, maverick detective in a critically-acclaimed drama called 'Ditchburn') spanked an unstoppable drive into the top corner from long range.

Daylight was now fading. The visitors launched some desperate last ditch attacks. They popped up a cross to the far post where sub Bartek Kijowski was able to nod home the equaliser.

MATCH REPORT: 11/01/2020 CLAPTON CFC 2 PFC VICTORIA 2

MIDDLESEX COUNTY FOOTBALL LEAGUE,
PREMIER DIVISION

THE MEN'S SIDE LOST THEIR 100% HOME record in disappointing fashion, being pegged back by PFC Victoria with the last header of the ball.

The first half was turgid. Victoria, wearing bibs because they had only brought red kits, were doing most of the attacking. Their forward line were tricky, but the Tons backline marshalled them well.

The top performer in red and white was Julian Austin. When the ball broke to the midfielder on the edge of the area after some nice buildup on the left, he needed no second invitation to smash it into the bottom corner.

MATCH REPORT: 12/01/2020 COMETS WFC 4 CLAPTON CFC 2

GREATER LONDON WOMEN'S FOOTBALL
LEAGUE DIVISION ONE

ANTICIPATION RAN HIGH AS THE TRAVELLING squad and supporters arrived at Clapham Common. The last time our women's team won a game was on 13 October. They won 5-2, and it was against Comets.

Comets had the first chance three minutes into the game, but Susana Ferreira had no issues in dealing with their shot. After that, Clapton dominated the game. After just five minutes, captain Ciara Monahan played a great ball which reached Naomi Scriven. Scriven beat the defenders, but the shot hit the post. Five minutes later, it was Phoebe Parthews' time to find Scriven with a lovely through-ball, and this time, Naomi did find the back of the net. 1-0 to the Tons!

Clapton continued to push forward, with Lucy Rolington being given a chance from a corner which went just wide. Naomi attempted a bicycle kick which landed just in front of the Comets goalkeeper.

25 minutes in, Monahan was pushed in the back. The referee missed it, and Comets took advantage. Their striker sent a ball over the head of Ferreira,

and with that, they were back in the game. 1-1.

Six minutes later, a rare missed pass by solid defender Parthews provided a Comets' striker with another chance. The shot hit the bar, but with luck on their side, it bounced just over the line. 2-1.

10 minutes into the second half, Rolington found sub Elena Holmes, whose shot went just over the bar. There was also good link-up between right-back Hannah Wright and Scriven. In the first fifteen minutes of the half, both Emily Link and Scriven had good chances to equalise.

Not much later, Comets managed head in a corner at the near post to extend their lead. Then with 30 minutes left, there was some confusion in front of the Tons goal and Comets manage to score yet another to make it 4-1.

This seemed to wake the visitors up, who once again pushed up the pitch.

The Tons were awarded a corner, which Monahan placed perfectly into Comets' box. It found Link, who headed it just over. Just after that, Ferreira outsmarted the Comets striker in a one vs one situation.

With the Tons concentration levels up, they made one last push up the pitch. Naomi ran down the right wing, and with an expertly placed cross found Link in the box, who fought to get it past Comets defenders and goalkeeper. 4-2.

But it was too little too late and Comets took the points.

CLAPTON HISTORY BY GARY PRICE

TOP DOGS

TONS THREE CROWNS

THE ISTHMIAN WILL ALWAYS BE CONSIDERED the league most associated with Clapton. As founder members in 1905 Clapton spent 90 successive seasons in arguably the most famous non league in England.

Relegation to the Essex Senior League in 2006 curtailed the longest continuous membership of the Isthmian League at that time.

Since then only Dulwich Hamlet have surpassed Clapton's tenure in the Isthmian League.

Clapton won three titles in all, two, in 1911 and 1923, coming during the club's 'golden' period between 1905 and 1926, when the FA Amateur Cup was brought back to Forest Gate on five occasions.

The Tons' third title came in 1983, albeit among less exalted company in the 'third' division of the Isthmian League.

Clapton became champions for the first time in 1911 after coming close as runners up in 1906, 1908 and 1910.

In 1906, a 0-4 defeat at London Caledonians in the third last game, saw the exiles take the title by two points.

Two years later Caledonians took the title by one point from Clapton who suffered from a poor start, with one win from the opening seven games.

A poor run toward the end of the 1909/10 season, one win from the last seven games, allowed Bromley to overhaul Clapton. A goalless draw with Bromley in Ton's final home game proving decisive.

The following season the Tons made no mistake, emerging from mid table with a run of six wins from the last seven games to pip Leytonstone by one point.

A last day 5-1 win at The Dog over outgoing champions Bromley securing the title for the first time.

The Dog proved to be a fortress with seven games won from the nine played. Bogey team, Caledonians, who finished bottom, inflicting the only home reverse.

A second title followed in 1923, the league having been expanded to 14 teams the previous season.

Ton made a solid start winning the opening five fixtures, as they led the table into the New Year.

A surprising 1-5 reverse at mid table Wycombe Wanderers, Clapton's only defeat in the opening dozen games.

Three defeats in six games, including two to closest rivals Nunhead threatened to derail Ton's title bid.

An undefeated run from the last seven games, including four wins, steadied the ship.

The final two games, both at The Dog and played within 72 hours were won in style. Casuals 4-1, and Oxford City 6-0, were beaten in style to see off Nunhead's challenge.

Nunhead's poor home form did much to mar their bid, winning six from 13 games. Ton's only

defeat at The Dog was to Nunhead.

Two seasons later the Tons led the table until a December loss at bottom place Woking precipitated a poor run of three wins in nine games.

The 1-3 home loss to London Caledonians toward the end of the season decisive as the exiles took the title by two points from Clapton. Shades of 1906.

Decades of mediocrity then ensued as Clapton struggled to make an impression on the top half of the table.

Sixty years later Clapton achieved their third and final Isthmian title success.

The league had expanded to 65 teams making up three divisions, premier, first and second.

After relegations in 1976 and 1982, Clapton found themselves in the second division for the start of the 1982/83 season.

Tons made an indifferent start to life in their new surroundings. Two 0-4 defeats at Corinthian Casuals and Southall, followed an opening 3-1 home win against Eastbourne United.

By the start of December Clapton were just outside the promotion race with eight wins from 15 games.

The next 14 games realised 13 wins, including nine in a row, took the Tons to top spot. A further nine game winning run from mid March to late April saw the title won with two games remaining.

Clapton's title win was based on strong home form, 18 wins from 21 games, and a resolute defence, as 15 clean sheets were kept from 42 games.

Only two games were lost during the second half of the season, while the biggest win was a 7-1 thrashing of Harwich and Parkeston at The Dog.

Sadly life in the first division proved difficult for Clapton, as within two seasons relegation followed to the renamed Division Two North.

Clapton remained in the subsequently renamed division three and two until three successive bottom place finishes ended life in the Isthmian League.

With a return to The Old Spotted Dog more a reality than a dream, it's not inconceivable that the 'real' Clapton will one day be playing in their other spiritual home, the Isthmian League, and hopefully add to the three titles.
